| 29/30 | 30/30 | 28/30 | 29/30 |

Individual 100% Attendance Award goes to Jacob from Year 3

# EYFS & KS1

11th September 2026

Our first full week at nursery school!

This week we have been exploring the nursery and getting to know all our new teachers. We have made lots of new friends! We have been learning all about the story of 'The Rainbow Fish' and how we can make others happy by sharing.

This week reception have had a brilliant time exploring the provision in class, getting to know each other and taking part in lots of exciting activities like creating our own self portraits, making scales for our rainbow fish and showing off our counting skills whilst printing some fantastic counting caterpillars.

11th September 2026

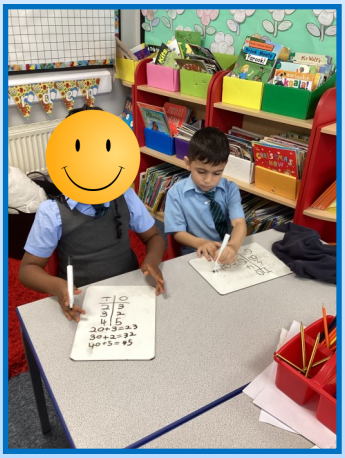

This week, Year 1 have worked in groups to sort animals into different groups based on their characteristics.

We sorted different animals into whether they were mammals, fish, reptiles, amphibians and birds and what helps us identify their animal group.

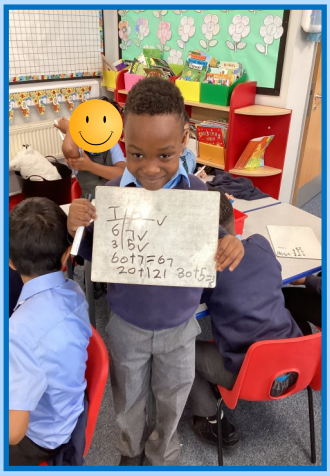

This week in Year 2 we have been working on place value of numbers. We have then taken these numbers and tried to write them as an addition sum. For example: 6 tens and 1 one can be written as 60+1=61. We have had a really busy but it has been a great first week!

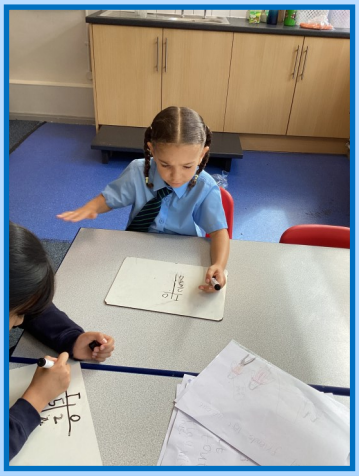

# KS2

11th September 2026

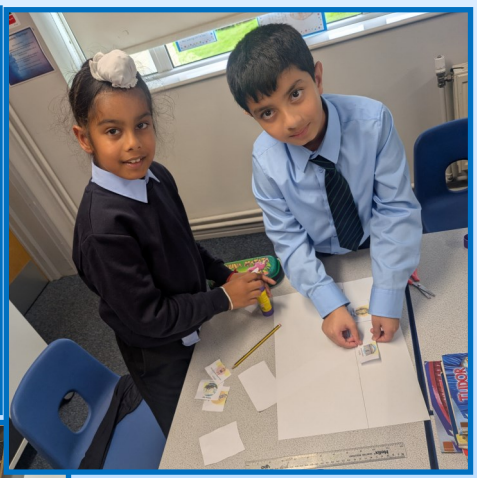

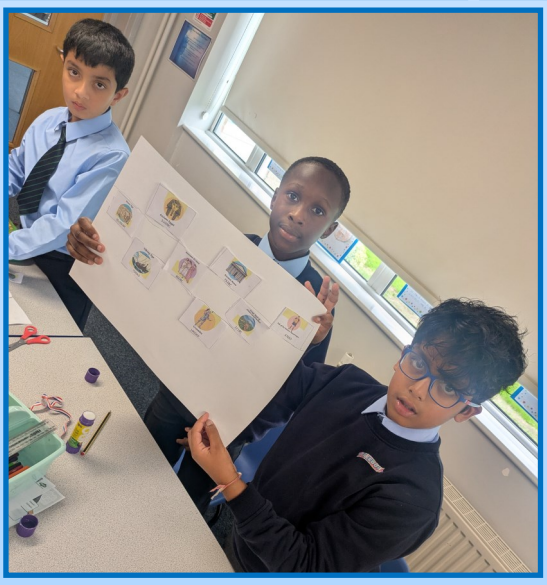

## Year 3

In Geography, Year 3 worked with a partner to locate the countries of Europe.

For our creative activity, preparing for Crusher Day, we created an arctic ocean scene.

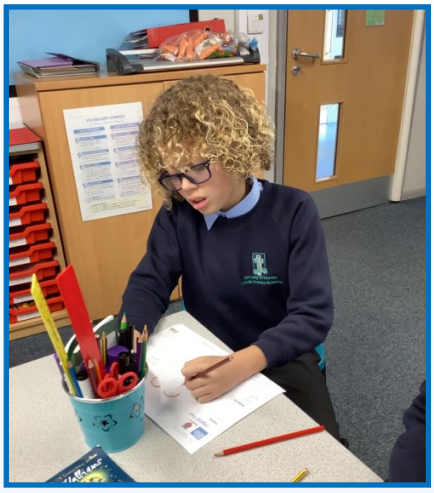

## Year 4

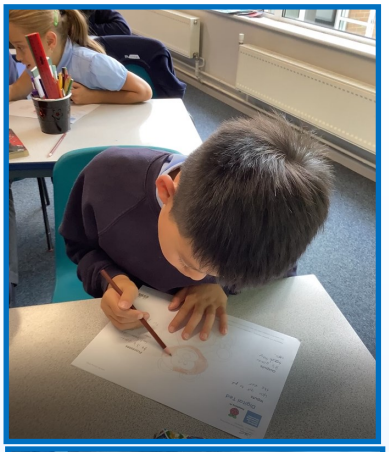

Year 4 have had a great start to the year and I am impressed with how well they have settled into Year 4. This week we started our topic of Ancient Greece and looked at where about in a historical timeline does Ancient Greece appear and compared to what was happening in the United Kingdom at the same time.

# KS2

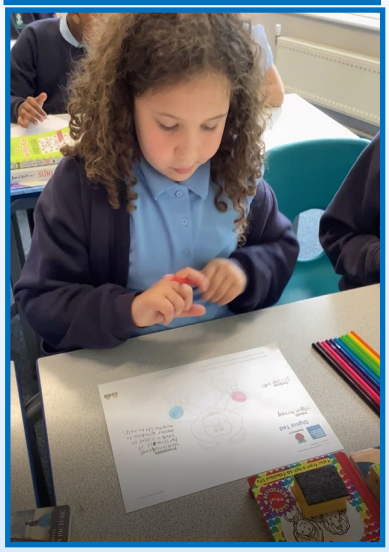

11th September 2026

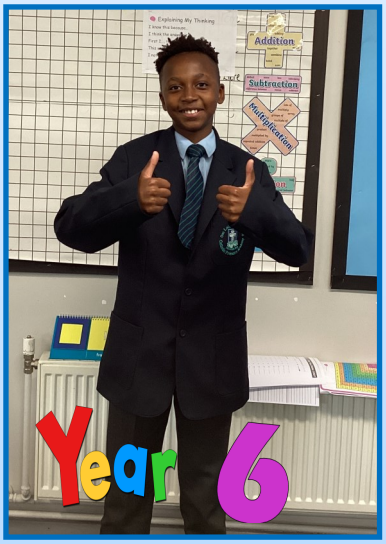

This week in Year 5, we have been learning all about systems in computing. We explored what different systems need to work effectively and discovered how inputs, processes and outputs work together. We even had the chance to design and create our own systems, making sure each one included an input, process and output!

This week Year 6 were incredibly excited to get their blazers. They all look really smart and they have begun the year as fantastic role models by setting a brilliant example. I'm really proud of them all, keep it up!
